## Preface

### आमुख

पटना विश्वविद्यालय की अंगीभूत इकाई के रूप में बिहार नेशनल कॉलेज का शैक्षणिक सामाजिक व सांस्कृतिक गतिविधियों के उन्नयन में अविस्मरणीय योगदान रहा है। तात्कालीन जमींदार व प्रखर राष्ट्रवादी भ्रातृद्वय द्वारा समाज में शिक्षा का अलख जगाते हुए राष्ट्रवाद का परचम लहराने के उद्देश्य से सन् 1889 में इस महाविद्यालय की स्थापना हुई। यह महाविद्यालय एक ओर बिहार के कोने-कोने से आने वाले छात्रों के बीच ज्ञान का दीप जलाकर समाज को शिक्षित बनाने में जुटी रही तो दूसरी ओर मातृभूमि को गुलामी की बेड़ियों से मुक्त कराने हेतु छात्र-नौजवानों को तराशने में भी लगी रही। सन 1942के भारत छोड़ो आन्दोलन के दौरान पटना सचिवालय पर तिरंगा लहराने के क्रम में इसी महाविद्यालय के छात्र जगपति कुमार की शहादत इसी बात की बानगी है। स्वतंत्रता प्राप्ति के उपरान्त भी सामाजिक-शैक्षिक व सांस्कृतिक शुचिता के साथ यह महाविद्यालय अध्ययन-अध्यापन का केन्द्र च रहा। सन् 77 की सम्पूर्ण-क्रान्ति के दौरान भी यहाँ की तरुणाई ने सत्ता परिवर्तन में प्रत्यक्ष भागीदारी दी।

सुरसरी भागीरथी पुण्यशलीला गंगा और ऐतिहासिक अशोक राजपथ के झुले पर झूलता यह यह महाविद्यालय आज भी अध्ययन का एक प्रमुख केन्द्र है। इस महाविद्यालय में कला, विज्ञान एवं मानविकि दोनों संकायों में स्नातक स्तर तक पढ़ाई होती है। इसके साथ ही समय के अनुरूप कुछ विषयों में व्यावसायिक पाठ्यक्रम भी महाविद्यालय में संचालित किए जा रहे हैं। महाविद्यालय में मुख्यतः दो भवन हैं। एक प्रशासनिक भवन और दूसरा विज्ञान भवन। इन दोनों भवनों के बीच पुस्तकालय भवन और खेल मैदान इसके मुख्य आकर्षण हैं। मैंने NAAC को ध्यान में रखकर महाविद्यालय की आधारभूत संरचना को सुधारने का यथा संभव प्रयत्न किया। इस क्रम में कुछ माननीय विधान परिषद सदस्यों की आर्थिक सहायता से महाविद्यालय के अंदर आंतरिक सड़कों का निर्माण करवाया। इससे एक भवन से दूसरे भवन तक जाना सुगम हो गया। इसके साथ-ही एक अन्य माननीय विधान परिषद सदस्य के सहयोग से खेल मैदान की घेराबंदी की गयी। साथ ही इस खेल मैदान में एक मंच का निर्माण करवा कर इसे अधुनातन रूप देने का प्रयास किया गया है। महाविद्यालय में छात्रों/शिक्षकों के लिए पूर्व से संचालित जीर्ण कैंटीन को भी नवीन रूप दिया गया है। पुस्तकालय का automation कर उसे आधुनिक रूप देने की कोशिश की गयी है। गाड़ियों के लिए पार्किंग का निर्माण भी कराया गया है। जिम सहित खेलकूद की अन्य सुविधाओं को भी सुदृढ किया गया है। महाविद्यालय को ग्रीन कैंपस के साथ साफ-सुथरा रखने का यथोचित प्रयास जारी है। शिक्षकों के लिए शिक्षक क्लब को भी सुसज्जित व सुविधाजनक बनाया गया है। छात्र-छात्राओं के लिए प्रसाधन कक्ष को भी सुविधापूर्ण स्वरूप प्रदान किया गया है। बिहार सरकार के सहयोग से महाविद्यालय के रंगरोगन व आन्तरिक आधारभूत संरचना के मरम्मत के साथ अनेक शौचालयों का निर्माण कराया गया है।

महाविद्यालय में NSS व NCC के लिए भी कक्ष आवंटित कर सुदृढ करने का प्रयास किया गया है। हम NAAC की ग्रेडिंग में थोड़ा पिछड़े अवश्य हैं, किन्तु महाविद्यालय के शिक्षकों के सहयोग व उनके उत्कृष्ट अध्यापन, शोध कार्यकलाप के बूते फिर से अच्छा ग्रेड प्राप्त करने का हमें विश्वास है।

# **Annual Report of B. N. College, Patna (P.U)**

**(Duration: July, 2022 - June, 2023)**

The annual report of the college is presented by duly constituted editorial committee comprising of the following members:

1. Dr. Rajkishore Prasad, Principal, B.N. College, Patna Chairperson
2. Dr. Kumar Krishnanand Convener
3. Dr. Ramhit Chaupal Member
4. Dr. Dinesh Kumar Member
5. Dr. Abhishek Kumar Sharma Member

The report presented by this committee focuses on the activities and achievements of the Bihar National College during the above mention period. The report consists of two parts – Part A & Part B. Part-A provides the information about academic progress such as Faculties, Departments, Centres, and Finance of Bihar National College, Patna. Part-B provides the information and data related to different activities of the college.

2	<b>Vision of the College (100 Words)</b>				
	<p>Bihar National College is committed to the pursuit of excellence in higher education with character building and total development of personality creating responsible citizenship. Additionally the college has the vision of development of scientific and national thinking; development of skills or research innovation and building of an educated decent, advanced, cultured conscious egalitarian generosity and scientific society based on justice, equity, freedom and harmony.</p>				
3	<b>Mission of the Institute ( 100 Words )</b>				
	<p>Bihar National College aims at the all- round development of all the branches of subject learning, availability of knowledge and resources, inclusion of modern systems. Upliftment of all subjects diversity and cultural plurality while arranging for teaching and research in all subjects in the context of their mutual cultural inter-relationship especially the new educational policy 2021of HRD ministry of Central Government.</p>				
4	<b>Brief Profile of the Institute ( 250 Words)</b>				
	<p>Bihar National College, popularly known as B. N. College was established in 1889 by two avid educationists and nationalists Babu Bisheswar Singh and Shaligram Singh of Kulharia Raj, Bhojpur, Bihar. During the colonial yoke after Indian National Congress was formed in 1885, these two brothers felt the crying need to arouse up nationalist feelings amongst the students and christened this college as Bihar National College.</p> <p>But then after British Government mounted much pressure upon them to delete the word National and promised to give the title of Raja and a very big Jagir. But, as these brothers were different from the other zamindars in the sense that while others considered the dissemination of education a grave threat to their existence, these Singh brothers were committed to the ennobling and lofty causes of education. So, they did not succumb to the pressures. At that time Bisheswar Singh was a student of final year (law) at Calcutta College of Law. The Governor General of Calcutta expelled him from the college.</p>				

	<p>Not only this when Bisheswar Singh started practicing law at Patna civil court after obtaining the PL certificate he was also not allowed to sit in the Bar Association. He had to encounter umpteen trials and tribulations. The Govt. declared them to be Vidrohi and eventually Shaligram Singh's son Shashi Shekhar Singh, the father of Justice K.B.N. Singh was shot dead in 1942. Therefore, this National word is very meaningful with a long and glorious history which still infuses the students with nationalist feelings and emotions. Jagpati Kumar who is among the seven martyrs was a student of this college. Initially the college imparted education in English, Sanskrit, Persian, Hindi, Philosophy etc. up to Honours level. For the first time in Bihar this college initiated the teaching of Law. These days this college imparts UG level education in three faculties, the faculty of humanities, the faculty of Science and the faculty of Social Sciences. The college deserves all credits for running these four vocational courses: Functional English, Biotechnology, BCA, and BBA quite successfully and efficiently.</p>
5	<b>Two Best Practices of the Institute</b>

## **1. Title of the Practice**

Learn, Earn & Do Good

## **2. Goal**

All round development of students so that they can contribute to the strengthening of the nation.

## **3. Context**

Our college was established in 1889 with a view of instilling nationalist ideas among the students through quality higher education. With the passage of time, many a change has taken place in our society. Our survival is possible only when we keep ourselves up-to-date with the pace of the globe. New courses have been introduced without minimizing or ignoring the importance of the traditional courses. These days our college is an amalgam of tradition and modernity and is continuously upgrading the academic standards of our society by providing knowledge both in the traditional courses as well as the vocational one.

## **4. The Practice**

Under the dynamic leadership of the competent Principal, the faculty members, students, alumni, denizens of the society worked together to upgrade and modernize the college in order to improve academic excellence and employability of the students. As this college was established in 1889, being one of the oldest colleges of India, it has seen various vicissitudes in the flow of education. This college has successfully developed the following:

- A. Grand building replete with infrastructures.
- B. Classes are equipped with interactive smart board and projectors.
- C. Audio – Visual seminar hall with interactive board
- D. Free high speed Wi-Fi Broadband Connectivity
- E. Well-equipped science laboratories
- F. INFLIBNET Facility
- G. The economically and socially deprived students are paid proper attention and have been a good provided scholarships
- H. We have a good member of computers for students.
- I. All departments have laptop and desktop computers, printers, scanners, copiers and intercom facility.
- J. The Institution has air – conditioned Digital Language Lab with 20 computers, UGC Network Resource Centre with 17 computers, centralized computing facility with 20 computers and labs for science subjects with sufficient modern equipments.
- K. The college has NSS on the campus.
- L. We have an updated library in which nearly 78,000 books and a number of journals have been housed.
- M. The college has a fully furnished Health and Fitness Centre and spacious playground and equipments for weightlifting, power lifting, and body building.
- N. Our administrative section is completely automated with networking and internet.
- O. We have purified drinking water facility in every nook and corner.
- P. We have fully furnished hostels and open air auditorium.

- Q. We have received funding for the construction of new buildings and conference halls for different courses.
- R. We have formed different cells as Career Guidance and Placement Cell, Scholarship Cell, Equal Opportunity Cell, Centre for Distance Education, Student Welfare Cell besides Sports Club, Cultural and Fine Arts Club and Staff Club.
- S. We have a professional skill camera and a movie camera which are used for documentation. The college is keen in providing all these services to the students for developing employability and academic excellence. Faculty members monitor the proper use of all services, and most of the maintenance of the services is done by a team consisting of the teachers and the students. These infrastructural facilities are crucial to the exposure received by our students, and the college also offers these services to the distance education students as and when required. We have also proposed for funding to acquire additional infrastructure to cater to the need of students at the international level.

## **5. Evidence of Success**

The upgradation of infrastructures in the college has definitely boosted the academic excellence and employability of our students in the recent years, adding a lot to the tall repute of the college. They are :

- A. The Great personality like Late Lal Narayan Sharma 1st Attorney General of India was produced by this college.
- B. Not only this, the college has contributed even in politics at the state and central level. Sri Lalu Prasad Yadav, Sri Sushil Kumar Modi, Sri Ravi Shankar, former central Law Minister are its glaring examples.
- C. The college deserves all credits as its students have done exceedingly fine in sports fine arts Elocution competitions in the past. Their performances in weight lifting, Power lifting and body building at the University level as well as state level have been distinguished and highly appreciating.

## **6. Problems Encountered and Resources Required**

The College, no doubt, did painstaking labor to utilize its infrastructures effectively but all its sincere efforts were fizzled out as it doesn't have sufficient funds to cope with such problems of mobilizing its infrastructures for the sake of its development. Besides, more often we face scarcity of permanent faculty members. Not only this, the paucity of qualified technical assistants and mechanics for the operation and maintenance of the available resources have added a lot to our problems. Despite our repeated requests for sanctioning of the posts, no heed was paid by the authority concerned.

## **7. Notes**

Any institution planning to upgrade its infrastructural resources should take into consideration the locale of the institution, the nature of representation of the communities the students hail from, and the academic requirements of the institution. There should be efforts to bring parity in terms of standards of international institutions. The facilities should be accessible to the students so that their academic excellence and employability are enhanced.

## **Best Practice- 2**

### **1. Title of the Practice**

Preservation of Human Values with Modern Learning

### **2. Goal**

The college aims at the production of such students who after acquiring knowledge and skill are to enter into public life with efficiency, sincerity, morality and honesty. To earn money should not be the destined aim of life, rather the morality and honesty should be on the top priority. And this lesson must be imparted in theory and practice both. First of all, we stand the test and keep the ideal so that there may not be a crisis of faith. In this blind race of materialism, commercialism, consumerism, and professionalism we give practical education to have a good control and sympathies because without these qualities even an educated man will become worse than the wild beasts. The demand of the hour is that we should think of the making of nation first and with this motto only, our college was established (we keep ourselves awoken for the nation), and in achieving our goal, we put thrust on those human values although we provide them latest courses of study.

### **3. The Context**

Since our college was established in 1889 in order to provide education to those students who were filled with nationalist ideas, the service to the nation is our main purpose. We want to rebuild our nation with the people with high moral ideas and culture as well as with scientific and progressive thoughts.

### **4. The Practice**

The gain is not our only aim, rather we want to use our knowledge, skill, efficiency in the rebuilding of the nation. For this, latest techniques such as e-learning and e-administration are essential. For students' sake, we have provided Wi-Fi facility, Language Lab with twenty computers, e-Library so that they can compete with the best universities and institutes of the world. Our students have always been the pioneer in all walks of life and we want to maintain that pace. Keeping these things in our mind we have put emphasis on E-administration being implemented on priority basis. Management & Information System (MIS) Software was specially designed to cover the various administrative and financial tasks of the college to cater to the need of the day. Admission, pay roll, fee collection and accounting reports generation were implemented first. Staff working in these sections were motivated and trained with some incentives. Now, these sections are fully computerized and managed by a small number of clerical staff. On our next step, Central Library has been linked to the Server with special designed software which controls accession of books, cataloguing, issue & return of books and finally generates no dues report to each and every student. As per the scheme, the process of bar-coding of all the books is to be undertaken very soon. Our college has also implemented networking of all the departments and sections through Wi-Fi. Further, the implementation of inter-connectivity among all the departments, office and library for fast communication and transfer of information has been started. However, it needs re-orientation of staff, students and faculty members with short-term training to handle the software.

## **5. Evidence of Success**

In fact, Implementation of e-administration has eased the work of selection of candidates for admission. We conduct written test for the admission to B. A./ B.Sc./ Vocational Courses. The data is put on computers and it becomes easier to publish the list within no time. Results are also uploaded on Internet. In this way the admission process is transparent. Fee collection and timely deposit of cash have been ensured. Daily accounts register and other reports are automatically generated. Salary report is generated without error in time. Repetitive generation of various types of report demanded by the University, State Government, Central Government and other agencies are prepared with ease. This has toned up the process of college administration. Despite shortage of clerical staff in comparison to huge structure and diversity of jobs, administration and governance has become effective through e-administration. It is an admitted fact now that our college has brought a revolution of computerization in other colleges of Patna University.

## **6. Problems Encountered and Resources Required**

The first and foremost problem was the re-orientation of the mindset of staff who was accustomed to old practice. Second challenge was to make them ready for training to handle the MIS Software. One strategic problem was to check error during transaction in different activities of staff. The college implemented e-administration in stages. In the first stage, important transactions are preserved manually also. To overcome any error during handling of the new software, a professional from the software company has also been hired to assist and train our staff. As a matter of fact, any software specially designed needs regular improvements to meet the requirements of end users. As such, one major task is to minutely study and monitor the functioning and report generation process of the software. This task has been effectively handled by the Accountant, who is well conversant with statutory needs and software functioning. However, the software company can be contacted when required to customize programming as per our needs.

## **7. Notes (Optional)**

As it always happens with the introduction of new ideas and new technologies that people who are accustomed to working in the traditional way, do not accept them easily and also do not want to learn new things but when they are made to understand the importance of those technologies, they adopt them quite willingly. This happened with our staff and now they are efficiently performing their job.

6	<b>Two distinctive Features of the Dept/College</b>
<p>Bihar National College is a constituent unit of Patna University, Patna. The college was established in 1889 before the inception of Patna University, Patna. As it was a period of National Movement so Bihar National College was established with the motto of inculcation of nationality among the students. It was the hidden vision of our founder members to prepare a strong brigade of nationalist students for freedom fighting. And, from that very period a large number of our students actively participated in Indian National Movement. Among the seven martyrs of National Movement one of them was from our institution and he was Jagatpati Kumar of Bihar National College, 2nd year who hailed from Kharati, Aurangabad. Not only this from its period of inception till date the Bihar National College has produced a large number of Alumni of Regional, National and International reputation and some of them are the sparkling stars of political world. one of our alumnus is Sri Laloo Prasad Yadav, former Chief Minister of Bihar. The former Education Minister Sri Krishna Nandan Prasad Verma also figures in the list of our alumni. The Institution has produced many a public representative like MLCs, MLAs and spokespersons of JDU, Bihar. Neeraj Kumar, MLC &amp; Spoke Person of Bihar JDU, Dr. Ranbir Nandan, MLC Bihar Vidhan Parishad and spoke person of JDU, Bihar, State Treasurer- Janta Dal (U), Associate Professor- Deptt. of Geology, (<a href="http://B.N.College">http://B.N.College</a>), Patna University) and Legislators like Dr. Ramanand Yadav of RJD, Bihar. Vice Chancellor of first Central University of Bihar Prof. Janak Pathak are some of our alumnus. The Institution has also produced one of the brightest star of the socio-economic world and he is Padma Shree Sri Bindeshwar Pathak founder of an International Organization the “Sulabh International”; Kalim Aziz, Chairman of Urdu Advisory Committee, Bihar Government an eminent poet of India, famous for a sher”daman pe koi chhint na khanjar pe koi dag tum kattl karo ho ki karamat karo ho”. A sher of his own style written during the period of emergency and was an adverse comment on former Prime minister, Smt. Indira Gandhi. Thus the Institution has travelled a long distance in the direction of Indian Politics from very beginning of its inception. Free education to women: The government’s thrust is on free education as per new state policy for increased emancipation of women in our educated society. Skill development in our students: Several vocational courses are running in our college for imparting various skills to our students. Now, the teaching focus is on employable skill development.</p>	

7	<p><b>Information /Initiatives about creation/Transfer of Knowledge:</b></p> <p>Patna University Patna prepares academic calendar regarding admission, examination, sports, etc. and circulates to its entire constituent units. All the Institutes and Colleges of Patna University make slight changes as per their requirement and finally implement it for the session demarcated by the university.</p> <ol style="list-style-type: none"> <li>A. The annual academic, examination, sports, and holiday calendar of the Patna University are adopted by IQAC prior to the commencement of the academic year, specifying available dates for significant activities in the college to ensure proper teaching-learning process.</li> <li>B. The respective HoD allots the course to a faculty member based on his/her expertise.</li> <li>C. The newly admitted students are provided with the complete syllabus of their programmes before the start of the session.</li> <li>D. All the teachers maintain a progress register of the theory and practical classes held as per</li> </ol>
---	---

the routine in their respective departments.

- E. Although the classroom teaching process takes place through the conventional way by use of chalk and blackboard, but gradually the use of ICT is also encouraged among the teachers and students of the college for effective curriculum delivery. The enrolment of teachers and students in digital initiatives of the government, such as SWAYAM, NPTEL, NDL, etc., is also being carried out.
- F. More focus is given to the preparation of adequate learning materials (resources) such as updated library facilities with e-journals.
- G. Seminars, special lectures, departmental quiz, and field trips are some of the activities which are also conducted for effective delivery of curriculum.

**Other Activities:**

- A. Apart from the college library, each department has its own library which provides teachers and students with necessary learning resources for effective delivery of curriculum.
- B. Internal examinations like class test and sent-up test are conducted to check whether the students have acquired knowledge as outlined in the objectives of the curriculum. All examinations are conducted according to the academic calendar. Tutorials are held regularly to monitor the progress of the students. Remedial / Extra classes are conducted for slow learners.
- C. The head of the departments do a periodical review of the syllabus taught by the faculty members and also the student's attendance.
- D. The course delivery and syllabus completion is monitored through the feedbacks received from the students.
- E. The examination process is very systematic and conducted as per the university examination calendar. Standard question papers are set, proper and prompt evaluation and publication of results is done in time.
- F. The college encourages for acquiring necessary skills for effective delivery of the curriculum. The teaching faculty is also engaged in mentoring the students of their respective departments on academic and personal issues, which helps in improving the overall learning environment of the college and improves the performance of the students.

Several initiatives are undertaken by different departments to assess the learning levels of the students after admission. Some of the following practices are regularly done in the various departments.

- A. Written test: In all the departments, sent-up test are held.
- B. Oral test: In the Department of Chemistry, students are asked to deliver presentation randomly. In the Department of Hindi, students are made to speak on the topics given.
- C. Students Response: Different departments assess the learner's levels on their inquisitive approach to the questions asked. Some are good, others are average and few are slow learners. The college has activities that cater to the special needs of the slow learners and provides them support of assistance in raising their knowledge and competence levels. There are also activities that aim to nurture and develop the potential of the advanced learners so that they do not experience stagnation. Many departments have special programmes for their advanced learners and also for slow learners and almost all the departments have several effective methods in place for this purpose. A few specific examples are given
- D. For advanced learners (a) Special academic counselling Page 25/86 01-06-2019 04:07:26

	<p>Self Study Report of BIHAR NATIONAL COLLEGE, PATNA (b) Personnel mentoring (c) Capacity building for job market through counselling and other skill development initiative such as providing input or communication skills. (d) Providing guidance as available reading materials of an advanced level. (e) Providing guidance on accessing materials on Internet. (f) Guidance for All India Level Competition exam. (g) Providing information/Counselling on academic opportunities available internationally. (h) Participation in class seminars debates, discussions, etc. For slow learners (a) Academic counselling and assistance after class. (b) Special attention during and after class. (c) Remedial classes. (d) Course on motivation: In Chemistry department: Correction of written language. Home assignments. Moreover, the institution offers different programmes to ensure holistic development of both advanced and slow learners. Moral and ethical values (a) Periodical visits: The NSS volunteers of the institution periodically visit the slum areas of the city to educate them. They highlight the problems and try to bring them to the mainstream of the society. (b) Observance of religious festivals: The Institution celebrates important religious and important festivals like Holi-Milan, Iftar Party, etc. to promote secular and religious tolerance in the society. (c) Observance of days of National importance: The institution celebrates Independence day, Republic Day, Gandhi Jayanti, Teachers Day, World AIDS Day, World Environment Day, etc. Community Orientation: The institution encourages the following practices to generate social orientation among the students. (a) Manuscript writing on social issues. (b) Planting trees. (c) Blood donation campaign. (d) Distance Education Programme (IGNOU) study centre in campus.</p>	
8	<b>Special Initiative for Environmental Sustainability</b>	
	<p>A. The institution initiated following activities for environment sustainability  B. Production of vermicompost  C. Plastic minimization in the campus  D. Rainwater harvesting system  E. Collection of waste in different categories  F. Swachhata Abhiyan</p>	
9	<b>Special Initiative on use of alternative energy</b>	
	<p>Deptt. of Botany has solar water heater to supply warm water in laboratory and classroom and presently the institution is paying attention towards installation of solar cells for generation of solar electricity as green energy</p>	
10	<b>Future plan of the college</b>	
	<b>a. Short Term (not more than 07)</b>	<ul style="list-style-type: none"> <li>❖ To provide drinking water in all department for the student staff and teacher.</li> <li>❖ To provide hygienic atmosphere for students, teachers and staffs.</li> <li>❖ To develop eco- friendly campus with plantation of appropriate plants in the unused space.</li> <li>❖ To provide free internet to all in the campus.</li> </ul>

	<b>b. Medium Term (not more than 10 excluding the item mentioned in short term plan)</b>	<ul style="list-style-type: none"> <li>❖ To provide solar energy in all the departments and offices to minimize dependency on fossil energy.</li> <li>❖ To renovate the play ground .</li> <li>❖ Installation and maintenance of several E-centres' with ICT facilities.</li> </ul>

17	<b>Information about Teaching - Learning :</b>						

	<p>Our college teachers adopt pedagogy in their classroom teaching that helps students to understand the subject matter clearly. To enhance the teaching skills of teachers, our college provides required facilities for their teachers to participate in Orientation and Refresher courses. Events like seminar, conference and workshop are periodically arranged by the college to keep students and teachers updated about the current scenario of various topics. To develop a better teaching-learning environment in the college, smart classrooms have been developed. Our college teachers also use model and power-point presentation in their classroom teaching to make the subject matter interesting. For making teaching-learning process more effective, students are also encouraged to participate in discussions with their teachers and class fellows. Extra/Tutorial/Remedial classes are arranged for students those who perform poorly in the classroom. To assess students' performance, regular home assignments are given to them. Also, tests are conducted regularly at departmental level.</p> <p>The college has made provision in the structure of all programmes to give students experiential and participative learning experience. Student centric methods are adopted by departments to provide the experiential and participative learning experience. Geography students visit Earthquake affected area and educate people on safety measures to be adopted during the Earthquakes. The NSS volunteers of the institution periodically visit the slum areas of the city to educate them. They highlight the problems and try to bring them to the mainstream of the society.</p>
18	<b>Information about student Research, innovation &amp; Extension Activities :</b>
	<p>Apart from teaching, our college faculty members and students are encouraged to pursue and promote research activities in the college. The faculty members carry out their research work in frontiers areas of science, arts and literature. The college has well-equipped laboratory Providing facilities to the researchers. The library facility with latest publication of books, journals, magazines is also provided for supporting research activities in the college. Computing facilities with internet connection are also available in the college. The faculty members are granted duty leave for attending seminars, conferences and workshops. B. N. College, Patna has its own research journals, ANVESHKA and LITERARYPEARLS, in which articles of teachers and students are published. There is also a separate college magazine ANUNAD in which only students' articles are published.</p> <p>The Institution celebrates important religious and important festivals like Holi-Milan, Iftar Party, etc. to promote secular and religious tolerance in the society. The institution celebrates Independence day, Republic Day, Gandhi Jayanti, Teachers Day, World AIDS Day, World Environment Day, etc. NSS contributes immensely in extension activities.</p>
19	<b>Information about student support</b>
i	<p><b>Student's Council</b></p> <p>In accordance with the recommendations of the Lyngdoh Commission, Patna University has conducted a centralized election in the year 2022-23 for the constitution of Students' union.</p>

	<p>From our college, one student got selected. Elected representatives of the institution college</p>
	<p>councilors are active members of internal quality assurance cell and their suggestions are considered for the development of the academic and administrative plans. The following information is available for Students' union and their activities: Objectives of the Students' Union according to Statutes: To promote (a) discipline and decorum in the university (b) mutual contact, democratic outlook, and spirit of oneness among students of the University (c) social harmony among all students and to work towards their cultural and academic development (d) close and cordial relations between students and teachers of the University; (e) leadership quality among students and a consciousness of the university, to equip them for becoming responsible citizens (f) To meet, discuss and make representation to the Central, State and University authorities on matters concerning the common interest of the students Activities According to the Statutes the Students' Union may assist the University in organizing following activities related to students (a) Debates, discussions, lectures, study circle, essay competition; (b) Cultural performance and contests; (c) Indoor and outdoor games (d) Publication of magazines, bulletin and wall newspapers (e) Trips and tours (f) Social Service and Social Relief activities (g) Running cooperatives.</p>
ii	<p><b>Industry Interaction:</b></p> <p>The college has collaborated with several industries for field visits, demonstrations, experiments, projects, and on the job training for the students. Professionals from industry are also invited in the college to deliver special lectures on various job-oriented topics for the benefit of students. These activities play a major role in shaping the students' career.</p> <p>Our college has a well maintained central library as well as departmental library. The central library is easily accessible for the students of all streams. The library has spacious reading room, internet connections, digital books, magazines, free access to stacks, e-contents and research journals accessible through INFLIBNET. Our college also provides ICT facilities for strengthening the academic activities within the college. The college has a well-equipped seminar hall with video conferencing facilities. New books are purchased for the library periodically to maintain the stocks. Feedback from students is also taken in order to update the library services. Most of the departments of our college have their own computers. The college provides Wi-Fi facilities for students and teachers for promoting e-learning and research activities in the college. Our college has smart classrooms equipped with all the basic facilities such as interactive whiteboard, computer, laptop, projector, etc. The college has all the basic amenities for students such as separate toilets for girls and boys, safe drinking water, common room, bank, generator for power back up, ramp facilities for physically challenged students, a big playground with separate Volley-ball and Badminton courts. There is also a teachers' club in our college where teachers gather to discuss and share their ideas on various issues related to college. The college does possess well maintained lecture halls for both theory and practical classes. There are separate invertors for many departments. Hostel facilities are also available in the college.</p>

<b>Scholarships :</b>
-----------------------

Students get benefitted by scholarships and free ships from government agencies.
